## Who It Is For

---

- ✓ Adults needing pressure relief
- ✓ People with motion disturbances
- ✓ Those seeking breathable fabric
- ✓ Users requiring medium firmness

## Who It Is Not For

---

- ✗ Light sleepers needing extra firmness
- ✗ Individuals with severe allergies
- ✗ Those requiring quick delivery
- ✗ People with unique frame requirements

## Trade Offs to Consider

---

- Heavier than standard mattresses
- Limited color options available
- Requires 48-72 hours to expand
- No edge support reinforcement

## Users Say

### ● POSITIVES

- ✓ Excellent pressure relief for back support
- ✓ Breathable cover prevents overheating

### ● COMPLAINTS

- ⚠ Heavy weight makes moving difficult
- ⚠ Limited color options available

## How It Compares

- Fewer foam layers than premium models
- Less breathable than gel-infused options
- No edge support compared to hybrid mattresses

## Choose This If...

- ✓ Need pressure relief for back pain
- ✓ Prioritize motion isolation
- ✓ Want breathable fabric for warmth
- ✓ Require medium firmness support

## Skip This If...

- ✗ Need extra firmness for posture
- ✗ Have severe allergies
- ✗ Require quick delivery
- ✗ Need specialized frame compatibility
