DIMENSIONS

79"L x 59.5"W x 9"H (queen size)

ASSEMBLY

Tool-free setup takes minutes

MATERIAL

Durable steel frame with horizontal slats

CLEANABILITY

Removable zip cover for spot cleaning

WEIGHT

36.3 lbs for queen foundation

DESIGN

White color with modern box spring style

Who It Is For

- ✓ Needs support for memory foam mattresses
- ✓ Looking for easy setup without tools
- ✓ Requires weight capacity for two people
- ✓ Prefers durable steel construction

Who It Is Not For

- ✗ Needs adjustable base functionality
- ✗ Requires higher weight capacity than 700 lbs
- ✗ Prefers color options beyond white
- ✗ Wants built-in mattress padding

Trade Offs to Consider

- Less adjustable compared to electric bases
- Standard steel construction vs. reinforced frames
- Fixed height vs. customizable bed height
- No built-in cooling features

How It Compares

- Tool-free vs. bolted assembly bases
- 700 lbs capacity vs. 500 lbs bases
- Steel frame vs. particleboard frames
- White color vs. multi-color options

Choose This If...

- ✓ Need durable mattress support foundation
- ✓ Prioritize easy setup and storage
- ✓ Seek weight capacity for two people
- ✓ Want removable cover for cleaning

Skip This If...

- ✗ Require adjustable base features
- ✗ Need higher weight capacity than 700 lbs
- ✗ Prefers color options beyond white
- ✗ Want built-in mattress cooling
