#### WEIGHT

**50g lightweight design**

## Who It Is For

---

- ✓ People with back pain needing spinal alignment
- ✓ Individuals seeking pressure point relief
- ✓ Eco-conscious buyers prioritizing sustainability
- ✓ Those requiring breathability in warm climates

## Who It Is Not For

---

- ✗ Users needing extra firm mattress support
- ✗ Allergy sufferers sensitive to latex
- ✗ Those requiring 5cm+ thickness
- ✗ Small space occupants needing compact design

## Trade Offs to Consider

---

- Lightweight may not suit heavy users
- Limited color options available
- Requires compatible mattress base
- Ventilation may vary with temperature

## How It Compares

---

- Better breathability than memory foam
- Less firm than standard foam toppers
- More sustainable than synthetic alternatives
- Thinner than 5cm+ latex options

## Choose This If...

---

- ✓ Need pressure relief for back/hips
- ✓ Prioritize eco-friendly materials
- ✓ Require breathability in warm climates
- ✓ Looking for medium firm support

## Skip This If...

---

- ✗ Need extra firm mattress support
- ✗ Require 5cm+ thickness
- ✗ Have latex allergies
- ✗ Need compact storage options
