

LETMOON SF20251004 Hybrid King Mattress

QUICK BUYER GUIDE

Ideal for adults needing medium firm support and pressure relief

At a Glance Specs

SIZE

King size (80 x 14 x 76 inches)

WEIGHT

114.8 pounds for single unit

FIRMNESS

Medium firm support layer

EDGE SUPPORT

Strong perimeter support system

MATERIAL

Polyester blend cover with memory foam

WEIGHT LIMIT

Maximum 500 pounds capacity

DESIGN

Two-layer hybrid construction

Who It Is For

- ✓ Adults seeking balanced support and comfort
- ✓ Individuals needing pressure point relief
- ✓ Those prioritizing edge firmness
- ✓ Users wanting medium firmness

Who It Is Not For

- ✗ People requiring extra firm support
- ✗ Users over 500 pounds weight limit
- ✗ Those preferring innerspring mattresses
- ✗ Individuals needing motion isolation

Trade Offs to Consider

- Less motion isolation than pure memory foam
- Higher cost than standard innerspring
- Limited weight capacity compared to premium models
- Requires 24-hour setup time

How It Compares

- Hybrid design vs. traditional innerspring
- Medium firmness vs. extra firm options
- Two-layer construction vs. single-layer
- Weight limit vs. premium models

Choose This If...

- ✓ Need medium firm support balance
- ✓ Prioritize edge durability
- ✓ Want pressure relief without excessive softness
- ✓ Seek hybrid mattress benefits

Skip This If...

- ✗ Require extra firm support
- ✗ Weight exceeds 500 pounds
- ✗ Need motion isolation features
- ✗ Preferring innerspring designs
