**Rechargeable built-in
electric pump**

STORAGE

**Folds to 16.5"L x 6.7"W
compact size**

POWER SOURCE

**Type-C charging cable
required**

Who It Is For

-  Camping enthusiasts needing portability
-  Home users with limited bedroom space
-  Guests requiring temporary bedding
-  Outdoor adventurers prioritizing lightweight gear

Who It Is Not For

-  Users requiring water-resistant materials
-  Overweight individuals exceeding 992 lbs
-  Those without access to power sources
-  People needing permanent bedding solutions

Trade Offs to Consider

-  Lacks water resistance for outdoor use
-  Requires charging for pump operation
-  Compact storage may limit immediate use
-  Heavier than traditional mattresses

How It Compares

- Built-in pump vs separate inflation devices
- Portable design vs traditional mattress
- Single-use comfort vs permanent bedding
- Lightweight portability vs heavy-duty support

Choose This If...

- ✓ Need compact portable bedding
- ✓ Want built-in inflation system
- ✓ Prioritize lightweight travel gear
- ✓ Require 992 lbs weight capacity

Skip This If...

- ✗ Need water-resistant materials
- ✗ Require permanent bedding solutions
- ✗ Cannot access power sources
- ✗ Seek heavier weight support
