Who It Is For

- ✓ Seeking medium-firm support for back pain
- ✓ Prioritizing motion isolation for shared beds
- ✓ Wanting breathable fabric for hot sleepers
- ✓ Looking for 100-night trial guarantee

Who It Is Not For

- ✗ Requires firm support for chronic back pain
- ✗ Prefers innerspring mattresses only
- ✗ Needs hypoallergenic materials specifically
- ✗ Wants immediate delivery without setup

Trade Offs to Consider

- Less firm than traditional innerspring
- Higher cost than basic foam models
- Requires 24-72 hours to expand fully
- Limited weight capacity for heavier users

How It Compares

- Hybrid design vs. traditional innerspring
- Motion isolation vs. standard foam
- 6-layer system vs. 2-3 layer basics
- 10-inch thickness vs. 8-inch alternatives

Choose This If...

- ✓ Need balanced support and comfort
- ✓ Value motion isolation benefits
- ✓ Accept 24-72 hour expansion time
- ✓ Want 10-year warranty coverage

Skip This If...

- ✗ Require firm support only
- ✗ Preferring budget-friendly options
- ✗ Need immediate use without setup
- ✗ Want hypoallergenic materials
