

DIFAME DB-10F Full Size Mattress – 10 Inch Gel Memory Foam Hybrid

QUICK BUYER GUIDE

Couples and light sleepers needing motion isolation and pressure relief

At a Glance Specs

DIMENSIONS

75" x 54" x 10" (Full Size)

WEIGHT

50.7 pounds

FIRMNESS

Firm support for spinal alignment

LAYERS

7-layer hybrid construction

MATERIAL

Gel memory foam and pocket springs

TRIAL

365-night risk-free trial

Who It Is For

-  Couples seeking motion isolation
-  Light sleepers needing quiet sleep
-  Back pain sufferers
-  Users requiring edge support

Who It Is Not For

-  People over 1500 lbs weight limit
-  Those preferring softer mattress feel
-  Individuals needing adjustable firmness
-  Users with limited delivery access

Trade Offs to Consider

-  Firm support may not suit softer sleepers
-  365-night trial requires long-term commitment
-  Boxed delivery may require assembly
-  Limited color options available

How It Compares

- Better than standard innerspring for motion isolation
- Less than premium memory foam options for price
- Similar edge support to branded hybrids
- More durable than foam-only mattresses

Choose This If...

- ✓ Need motion isolation for shared sleep
- ✓ Require pressure relief for back pain
- ✓ Want 365-night trial for risk-free purchase
- ✓ Need edge support for full-size bed

Skip This If...

- ✗ Prefer softer mattress feel
- ✗ Need adjustable firmness options
- ✗ Require immediate delivery
- ✗ Over 1500 lbs weight limit
