Inflates in 4 minutes

MATERIAL

Waterproof flocked top with vinyl beams

DIMENSIONS

75" x 39" x 18" (L x W x H)

INCLUDED

Built-in electric pump, duffel bag

FIRMNESS

Adjustable plush comfort

Who It Is For

- ✓ Adults needing a guest bed in basement
- ✓ Those requiring easy inflation without pumps
- ✓ Users needing 18" elevated height
- ✓ Individuals with 300-pound weight capacity needs

Who It Is Not For

- ✗ Those preferring memory foam mattresses
- ✗ Individuals needing permanent bed setup
- ✗ Users requiring 200-pound capacity
- ✗ People avoiding electric pump dependency

Trade Offs to Consider

- Less durable than memory foam alternatives
- Requires electricity for inflation
- Heavier than standard airbeds
- Limited to queen size only
- Higher cost than basic airbeds
- No built-in storage compartments

How It Compares

- Better than basic airbeds with electric pump
- Similar to premium models in durability
- Less than memory foam in long-term comfort
- Comparable to other queen-sized airbeds
- More expensive than standard inflatable mattresses
- Easier to inflate than manual airbeds

Choose This If...

- ✓ Need easy inflation without manual pumps
- ✓ Require 300-pound weight capacity
- ✓ Want adjustable comfort levels
- ✓ Need 18" elevated height for better airflow

Skip This If...

- ✗ Prefer memory foam mattresses
- ✗ Need permanent bed setup
- ✗ Require 200-pound capacity
- ✗ Avoid electric pump dependency
